EUROPEAN LEAGUE

NORMATIVA DEPORTIVA

La European League 2017 tendrá lugar en Valladolid (España) del 2 al 5 de Marzo de 2017.

Ésta competición, creada por las Federaciones adscritas a la CERS, está diseñada para que participen los equipos campeones de Liga y campeones de Copa de cada país. El CERILH ha aprobado para esta competición, un format que explicamos a continuación.

Participarán un total de doce (12) equipos en la competición de 2017. Siete de ellos participaron ya en la competición en 2016 en Rethel (Francia), donde "les Diables" ganaron la European League, evento que ellos mismos organizaban.

FORMATO

La European League 2017 comienza con un único nivel de competición, que después se dividirá en 2 competiciones llamadas "European League" y "President Cup". Los equipos son distribuidos por el ranking del primero al sexto en 3 grupos A, B y C, el resto de los equipos se distribuye en los grupos a través de un sorteo (realizado en París en 23 de Enero). Dos equipos del mismo país no recaerán en el mismo grupo, para favorecer los partidos internacionales y el interés de los espectadores durante la primera fase de grupos. La distribución de los grupos quedó de la siguiente forma:

Group A: Rethel (FRA), Rubi (SPA), Olomouc (CZE) and Z Fighters Oberrüti Sins (SUI)

Group B: Garges (FRA), Linth (SUI), Espanya Majorca (SPA) and The Chaps' (BEL)

Group C: Milan (ITA), Norton (GBR), Valladolid (SPA) and Nordhessen Hornets (GER)

La European League 2017 comienza con tres (3) grupos de cuatro (4) equipos cada uno y jugarán una liguilla todos contra todos.

Al finalizar esos 18 partidos, tendremos una clasificación de cada grupo. Los dos primeros equipos de cada grupo estarán clasificados para la "European League" y los dos últimos equipos estarán clasificados para la "President Cup". A partir de ahí comenzará la segunda fase de la competición, que tendrá 4 grupos de 3 equipos cada uno, 2 grupos en cada competición (European League y President Cup). Los equipos jugarán en los nuevos grupos una nueva liguilla hasta completar una nueva clasificación.

Estos grupos estarán compuestos como sigue:

EL1 compuesto por el 1º del Grupo A y 2º del Grupo B y 2º del Grupo C

EL2 compuesto por el 2º del Grupo A, 1º del Grupo B y 1º del Grupo C

PC1 compuesto por el 3º del Grupo A, 4º del Grupo B y 4º del Grupo C

PC2 compuesto por el 4º del Grupo A, 3º del Grupo B, y 3º del Grupo C

Después llegarán las "cásicas" semifinales, donde el 1º y 2º de cada grupo jugará respectivamente contra el 2º y 1º del otro grupo de la competición. Los campeones de las semifinales jugarán la final mientras los perdedores juegan por la medalla de bronce. Los terceros de cada grupo jugarán un encuentro para determinar el ranking final.

NO EMPATES Todos los partidos jugados con las reglas internacionales FIRS se jugarán a 2 tiempos de 20 minutos (2x20) con un descanso en el medio tiempo de acuerdo con las Reglas de Juego de la FIRS.

Al terminar cada partido, si el resultado es de empate, se jugará una prórroga de 5 minutos. Si el marcador todavía sigue en empate al finalizar el tiempo de prórroga, cada equipo tirará tres (3) tiros de penalty, si después de los mismos el resultado sigue en empate, cada equipo dispondrá de un tiro de penalty hasta que alguno de los dos falle. Cada equipo podrá disponer de cualquier jugador para repetir los tiros.

CLASIFICACIÓN DE GRUPOS La clasificación de los grupos es obtenida sumando los puntos obtenidos por cada equipo en cada uno de sus partidos.

Empate a puntos: Si dos o más equipos están empatados a puntos, serán clasificados en base a los siguientes criterios. Una vez que uno de los equipos ha salido del empate, el proceso vuelve a comenzar con el resto de equipos empatados con el primer criterio de la lista hasta que todos los equipos tengan su puesto en la clasificación:

- Mayor número de puntos obtenidos en los partidos jugados entre los equipos que tienen que desempatar.
- Menor número de goles encajados en los partidos jugados en el grupo.
- Menor número de goles encajados en los partidos jugados entre los equipos que tienen que desempatar.
- Mayor número de goles anotados en los partidos disputados entre los equipos en cuestión
- Menos minutos de penalización en contra
